

Facilitation @Apostel Battery Campsite

With more than 30 years of experience in this industry, our committed team offers training in the following areas:

Leadership
Character Development
Teambuilding
Effective Communication
Conflict Resolution
Self-Awareness

We can tailor a program to meet your specific needs and requirements.

We will take the group on a process of providing a physical, emotional and cognitive experience where we will harness their skills and abilities to progress and succeed in life.

We make use of nature and other playful activities where we apply life skills through adventure, experiential education and leadership.

At Apostle Battery, Experience Facilitation means creating physical, emotional, and cognitive journeys that empower individuals and groups.

We harness each person's strengths to help them grow, succeed, and embrace every experience as an adventure.
